STATEMENT ON A “CONFLICT FREE” SUPPLY CHAIN

LAPTECH, a manufacturer and designer of quartz crystal resonators for the telecommunications industry, implements a world-wide health, safety and environmental policy which extends to its supply chain and has issued this statement regarding the sourcing of metals and minerals.

1. LAPTECH is committed to operate in full compliance with governing laws, rules and regulations applicable to the procurement of the refined metals used in LAPTECH products.
2. LAPTECH will continue to monitor the on-going development of industry practices related to the tracing and tracking of metals and minerals.
3. LAPTECH will exercise due diligence on the sources of refined metals used in its products.
4. LAPTECH will communicate this statement to the suppliers of its refined metals and request that they adopt similar requirements for materials supplied to LAPTECH and for their upstream suppliers.
5. LAPTECH' management is committed to the implementation of this statement for a ‘conflict free’ supply chain.
